# VRINDAVAN

- Vrindavan is a sacred town deeply associated with the childhood pastimes of Lord Krishna.
- It is one of the Sapta Puri, the seven holy cities believed to grant moksha.

- The town is filled with thousands of temples, including Banke Bihari, ISKCON, Prem Mandir, and Radha Raman, which attract millions of devotees. Festivals like Holi, Janmashtami, and Radhashtami are celebrated with great devotion and joy.
- Vrindavan is also known for social initiatives such as environmental conservation and support for widows, making it a place of both spiritual devotion and social responsibility.

# THE GATEWAY OF APPROVAL

- The vision of Shri Radha Gateway Barsana is rooted in the powerful symbolism of the thumbs-up gesture, a universal sign of positivity, approval, and divine blessing. More than just a design motif, it becomes the guiding philosophy of the entire development.

- The gesture conveys welcome and assurance, while the thumbprint adds a deeper layer of meaning—representing individuality, uniqueness, and the eternal imprint of identity.
- Together, they transform the master plan into a living metaphor of harmony, belonging, and spiritual affirmation, where every space radiates optimism and a sense of divine embrace.
