THE HOUSE OF ABHINANDAN LODHA®

TRANSFORMING AYODHYA'S INVESTMENT LANDSCAPE

The House of Abhinandan Lodha® (HoABL), India's largest branded land developer, was among the first to spot and institutionalise Ayodhya's land market. HoABL offers investors a secure and transparent way to participate in this transformation.

Ayodhya's rise as the world's top spiritual destination with ₹1.5 lakh crore+ investments and a 300–400% rise in land prices is creating a new real estate market projected to grow 12–20X in a decade, yielding 18–24% rental returns.

A spirituality-led, policy-protected, high-growth opportunity; Ayodhya is no longer just a pilgrimage; it is a portfolio essential.

AYODHYA'S LEGACY ON THE RISE

AYODHYA STANDS AT THE INTERSECTION
OF LEGACY AND TRANSFORMATION.

Known as the birthplace of Lord Ram and the heart of the Ramayana, Ayodhya has, for centuries, stood as a symbol of faith, righteousness, and cultural continuity. Its ghats, temples, and traditions have carried forward stories that are deeply woven into India's civilisational fabric.

What makes Ayodhya truly unique is its continuity - a city that has remained spiritually relevant across generations, drawing millions who seek connection, meaning, and belief.

This city, rooted in timeless belief, is now witnessing unprecedented growth.

A LEGACY THAT HAS SHAPED OUR HISTORY IS NOW
SHAPING OUR FUTURE.

LEGACY IS WHAT OUTLIVES US.

And as humans, we've always sought ways to outlast time itself - not through words, but through what we build, own, and leave behind.

The most enduring legacies aren't fleeting. They are tangible. Rooted. Meant to be held, passed on, and grown over generations.

Because legacy isn't just about being remembered. It's about creating something that continues to exist, to appreciate, and to matter - even in your absence

It is what generations come back to - not out of habit but belonging.

IT QUIETLY SHAPES WHO WE ARE, AND WHAT WE
CHOOSE TO CARRY FORWARD

AYODHYA IS NOT JUST A CITY-IT IS A LIVING CONTINUUM.

THIS IS WHERE FAITH WAS BORN AND CONTINUES
TO SHAPE MILLIONS OF LIVES.

As the **birthplace of belief**, it holds a significance few places in the world ever will.
As a **civilizational anchor**, it has endured time yet never lost its meaning.
As a **spiritual identity**, it belongs to every Indian across generations.

Today, as Ayodhya enters a new era of growth, its legacy is no longer just to be
witnessed but to be a part of.

TO OWN HERE IS NOT JUST AN INVESTMENT. IT IS A
PLACE IN INDIA'S DEEPEST LEGACY.

A CITY OF FAITH, FOOTFALL, AND FUTURE GROWTH

WHERE BELIEF LEADS, GROWTH FOLLOWS.

Ayodhya has always been a destination of faith. Today, it is also a destination of scale.

With a sharp and sustained rise in footfall, the city is witnessing a new phase of momentum - one that reflects not just devotion, but growing relevance.

A LEGACY FUELING INDIA'S FASTEST GROWTH STORY

Ayodhya's transformation is being steered by a PMO-chaired Ayodhya Monitoring Committee (AMC), UP RERA, and the Ayodhya Development Authority (ADA), ensuring regulatory discipline and investor confidence. Ayodhya is now synonymous with business, branding, and rapid economic expansion. UP aims to transform into India's largest state economy by 2030 through investment, industrial growth and infrastructure development. Ayodhya plays a pivotal role in the state's trillion-dollar roadmap. This isn't just economic growth- it's legacy translating into momentum.

WHEN FAITH CREATES DEMAND: AYODHYA BRIDGES THE SUPPLY GAP

Infrastructure is catching up, to a legacy that has always been ahead of its time. The hospitality infrastructure is racing to catch up with Ayodhya's unprecedented demand. As of early 2024, the city had an estimated ~1200 operational rooms. Leading national and international brands are entering aggressively-The Leela, ITC, Marriott, Radisson, and IHCL, among others, have either announced ventures or signed MoUs with the Uttar Pradesh government. What is following now is a natural next step - a wave of development that is shaping the city into a destination equipped for its scale.

BUILDING THE FUTURE OF A SPIRITUAL CAPITAL

Ayodhya's transformation is not incidental - it is intentional.

Backed by one of the largest concentrated investments in the country, the city is being systematically developed to support its growing scale and significance.

From connectivity to urban infrastructure, every layer is being strengthened to shape a destination that is not only spiritually important, but structurally prepared for the future.

THE COMMITMENT BEHIND A SACRED SMART CITY

WHEN SPIRITUALITY BECOMES AN ECONOMIC ENGINE

More than ₹1.5 lakh crore has been committed to transforming Ayodhya into a modern "sacred smart city." The Master Plan 2031 alone accounts for ₹85,000 crore, while a ₹75,000 crore Defence Manufacturing Hub, backed by investors such as Trafalgar Square Capital, is taking shape nearby. Adding to this transformation is the ₹2,000 crore Sarayu Riverfront Beautification Project, designed to redevelop Ayodhya's iconic ghats into a global spiritual promenade. The city also has strong solar ambitions, with large-scale renewable energy projects integrated into its smart infrastructure to ensure sustainable growth.

MONUMENTS DESIGNED FOR GLOBAL AUDIENCES

Ayodhya's new monuments are unapologetically ambitious. The ₹2,500 crore, 251-metre Ram Statue will be the tallest of its kind—towering over New York's Statue of Liberty (93 metres) and Rio de Janeiro's Christ the Redeemer (38 metres). A ₹750 crore Temple Museum, developed with Tata Sons, and a Ramayana Theme Park will deepen Ayodhya's cultural appeal. Complementing these is the Sarayu Cruise experience, offering pilgrims and tourists a curated river journey showcasing Ayodhya's ghats, temples, and illuminated skyline.

A CITY STEPPING INTO ITS NEXT CHAPTER.

With the Ram Mandir, Ayodhya has entered a defining moment.

A city that shaped belief for centuries is now witnessing a measurable shift -

WHAT WAS ALWAYS CENTRAL IS NOW BECOMING
ECONOMICALLY SIGNIFICANT.

PRICE APPRECIATION BACKED BY REAL MOMENTUM

Ayodhya's growth is already visible in price movement.

From ₹2,000/sqft in 2021 to ~₹15,000/sqft in 2026, the market has seen a sharp and sustained rise, with projections indicating continued upsides.

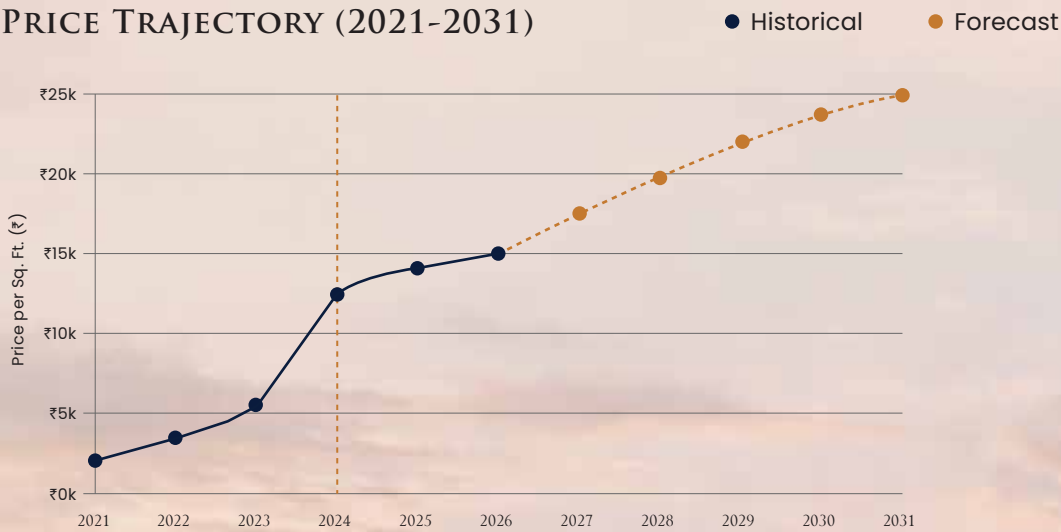

WHAT IS DRIVING THIS ACCELERATION?

The price trajectory reflects more than just increased interest; it signals a structural shift in the market. The sharp rise post-2024 marks a transition point, where demand began to scale rapidly while supply remained limited. Top international real estate consultants also estimate an 18-24% rental yield for luxury villas in Ayodhya, reinforcing its appeal as both a lifestyle and investment destination.

TWO FORCES DRIVING PRICE ACCELERATION

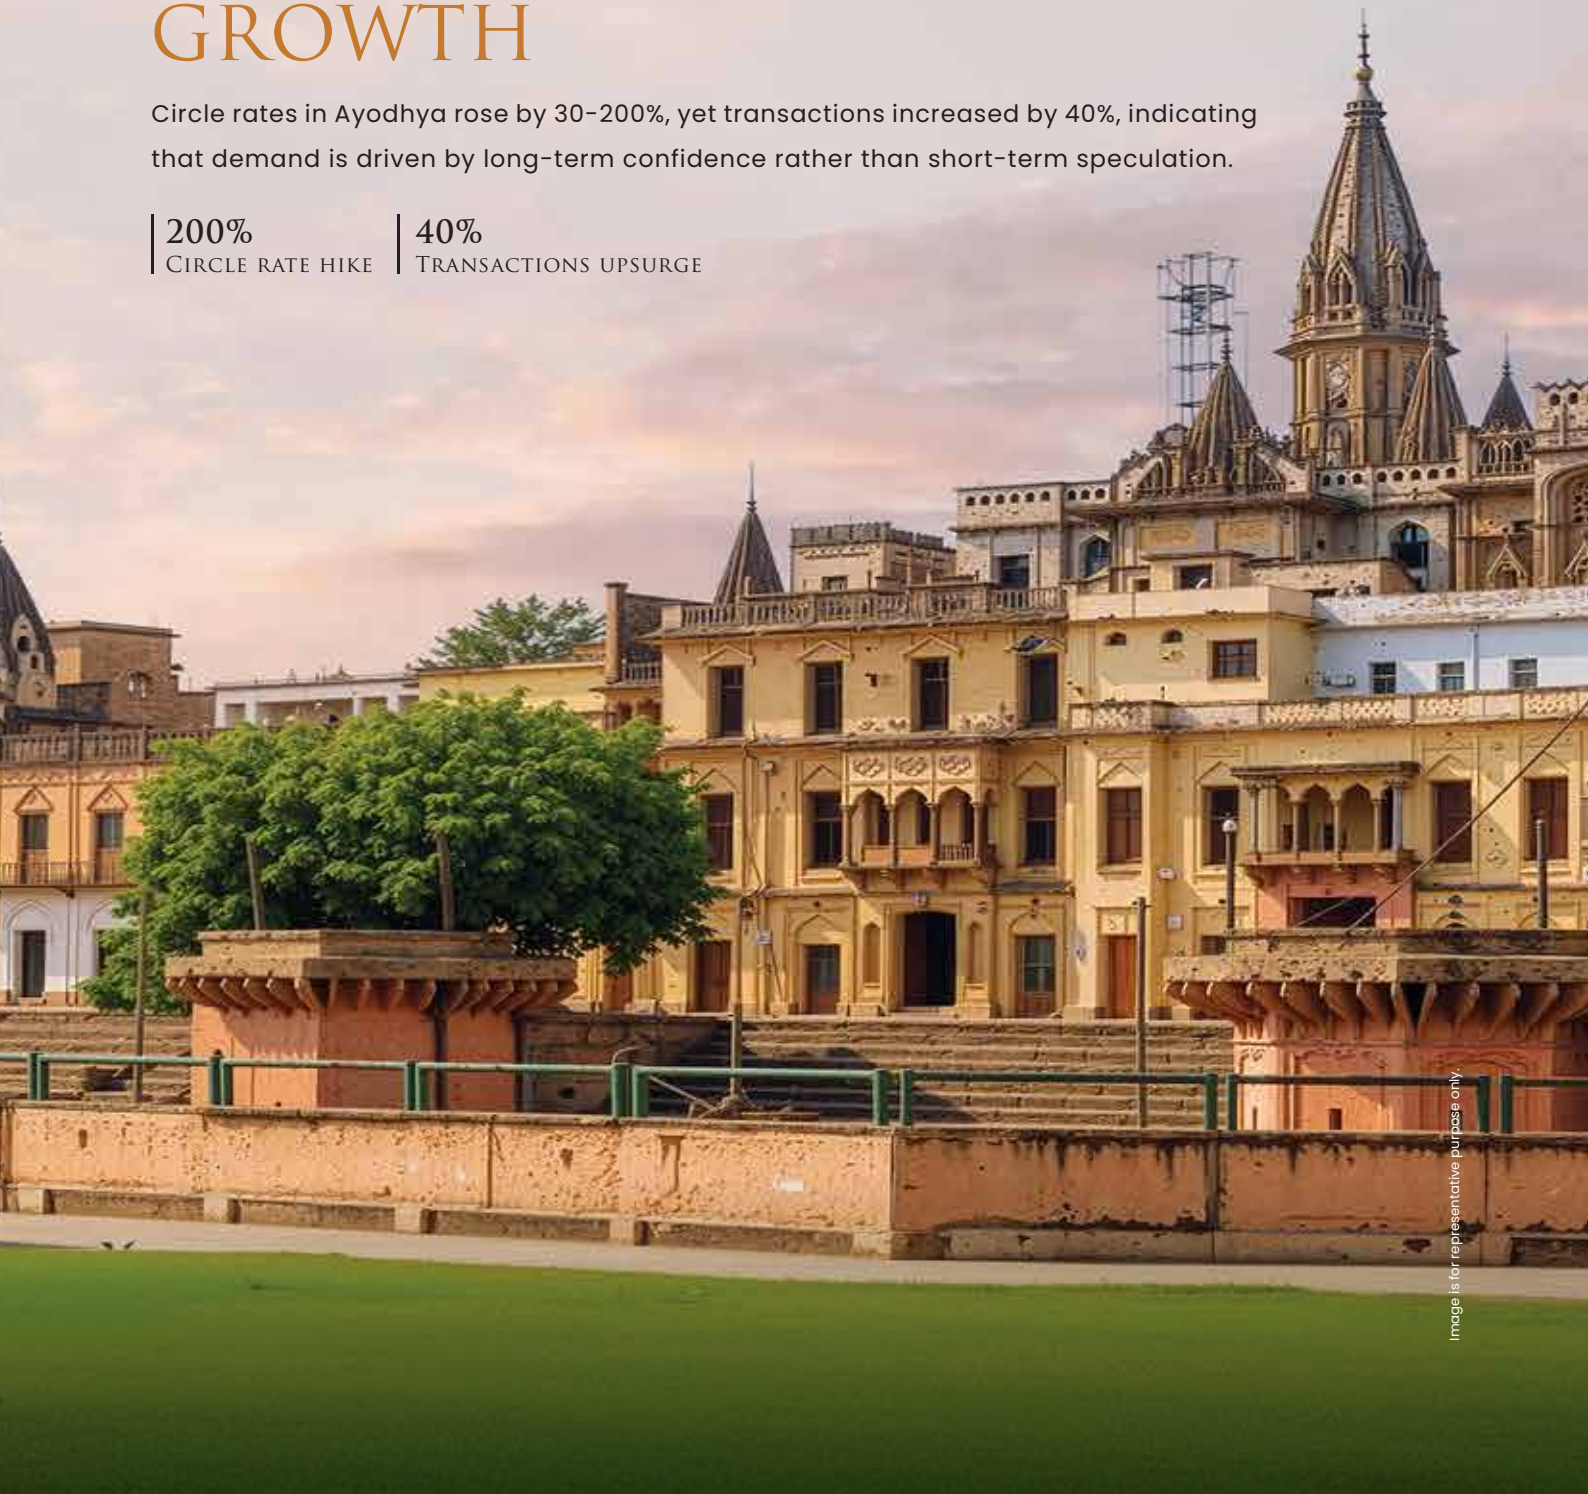

Price growth in Ayodhya is driven by clear locational advantages. Proximity to the Mandir and access to the Sarayu are emerging as the strongest value drivers, creating distinct micro-markets with significant price differentiation. Then The Mandir Multiplier sees prices halve every 15 minutes' distance from the Mandir, while the Sarayu Surge drives riverfront plots to command 2-4X premiums.

DEMAND THAT SUSTAINS GROWTH
